

*Scam of the Week 2010*TM

January 1, 2010

Happy New Year, feliz año nuevo, bonne année, Frohes neues Jahr, buon anno, feliz ano novo, счастливое Новый Год, gelukkig nieuw jaar, καλή χρονιά, 新年好, 새해 복 많이 받으세요, 明けましておめでとう, heldig nytår, and gausis novus annus to all.

The Reverend TonyTM encourages everyone to celebrate by eating some SwizzleTM and drinking some ham and black eye peas.

Amerkin Football - Today would be big, big if The Reverend TonyTM's scam were in place with the outcome of these games determining the Final Four at The JJTM later this month. Can you imagine the moolah that would be wagered? As Sun Hing always say "That's why hams are made from pigs."

Noon ET Sugar Bowl - (1) Alabama (SEC) v (8) Boise State (WAC)
4.00 pm ET Orange Bowl - (2) Ohio State (Big 10) v (7) Texas (Big 12)
8.00 pm ET Fiesta Bowl - (3) Georgia Tech (ACC) v (6) TCU (Moun West)
8.00 pm ET Rose Bowl - (4) Oregon (PAC 10) v (5) Cincinnati (Big East)

Good bye and good luck to Mike Leach. Craig James seems like your prototypical sideline parent, who is more upset with his son's playing time or lack thereof, than he was with the punishment, two hours solitary confinement with your cell phone. Playing time and especially lack thereof is the sideline parent's self-worth especially for one like Craig James aka Pony Express¹. Mr. James

¹ aka [Pony Express, the team what got football banned at SMU](#)

appears to be the prototypical sideline parent, who needs the coach to provide the discipline that the father can't. Maybe Adam James did not want to play football anymore but could not get his father to understand? Yusuf Islam once wrote a lovely song about [Father and Son](#).

Let this example be a lesson to all football coaches. Next time one of your players has a concussion² do not put the player in a dark closet with his cell phone.

Password tonight is Rashomon. Peace, love and margaritas, I remain
The Reverend Tony™.

Polyticks - WARNING, WARNING, WARNING - [Phone texting is now banned in Austin](#). If anything should be banned in Austin it should be banning anything. A violation of the text ban could result in a fine of up to \$500 and confinement for up to two hours in a dark closet without a cell phone.

Light, sweet crude ended the year at \$79.36/€55.41, up \$1.31 per barrel or 1.67% for the week and 117.365% over the [\\$36.51](#) per barrel when Obambi became El Presidente. Who needs OPEC, the Trilateral Commission, and global warming and Obambi is not even a Mason.

[3 dead](#) last week in the war without end, amen.

² Treatment of a concussion often includes [seclusion and close monitoring until symptoms clear](#). How many times has the coach taken away the helmet of the concussed player?

January 8, 2010

Amerkin Football - Tough luck for Colt and the mighty, mighty Horns but the game was lost when he was injured, a recurrence of the nerve injury from his freshman year. With Gilbert now in at quarterback on second and goal from the one when a play action pass to the tight end is a touchdown and settling for a field goal cost four points. Eerily like the Oklahoma game after Bradford was reinjured and OU ran the same plays with their rookie QB.

No doubt now that the Southeast Conference is the best what with the last four BCS champions. Alabama continued a disturbing characteristic of Southeast Conference football, tackling with the crown of the helmet. The hit on McCoy was by the crown as was the hit on Gilbert on the second touchdown pass to Shipley. In last years championship game Florida's first tackle on Oklahoma was helmet to helmet on a receiver which would have been immediate ejection in the NFL but routine in the SEC.

Scam of the Week™ - Tonight at Matt's Famous El Rancho, The Reverend Tony presents the latest game for all platforms, Tiger Woods' Favorite 18 Hoes in the World!!!

Hoe #1, known as Mindy. A straightforward par four, a bit of a dog leg, usually plays downwind. Ample landing area with mounds surrounding a relatively flat green.

Password tonight is [Hoochie Mama](#). Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - WARNING, WARNING, WARNING - [The phone text ban appears to be working](#). The coppers have been out cruising the road looking for violators and rush hour traffic seems to have less backup. So far so good but still not a ban on all cell phone use while driving.

Light, sweet crude settled at \$82.66/€57.70, up \$3.30 per barrel or 4.16% for the week.

[3 dead](#) last week in The War Without End, Amen™.

January 15, 2010

Who is John Galt? The Reverend Tony™ suggests that the answer is Tiger Woods who has not been photographed since the incident. For Eldrick that must be other worldly having lived in the public up until now.

Word to Tiger. As [Solon](#) once did, take a ten year vacation and do what you want to do instead of what you have to do.

Amerkin Football - USC has lost it's mind by hiring Lane Kiffin as head coach with the NCAA about to ax them over the Reggie Bush Payola scandal which happened when said Kiffin was Mr. Bush's position coach at USC. Then Coach Ogeron calls Tennessee commits with a Tennessee issued cell phone during the dead period when contacting recruits is prohibited. Word up to Tennessee recruits is that you can make a lot more money at USC than TU, such as swimming pools, movie stars and use of a G-5. Goodbye Rocky Top, hello Beverly Hills.

Word to The NCAA. USC is taunting you. Southern Cal merits at least the punishment the NCAA just gave Florida State, such as taking away all of USC's victories with ineligible players giving my Sooners the 2005 BCS National Championship.

Scam of the Week™ - [Floor collapses at Weight Watchers meeting.](#)

Password tonight is [Pants on the Ground](#). Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - The Reverend Tony™ is proud that Rik (Richelle) and Kay (Kevin) both came out last night at the debat. Is this a great country or what?

Their stories are eerily similar. Neither could fulfill the dream of being yell leader at Texas A&M or cheerleader at UT until intervention from the laboratories of *Ngozi+Mengele+HalleBerry*, Crawford, NG, 27549. Two more reasons why [Farouk Shami](#) should be Governor of Texas. Shami Wow!!!

Light, sweet crude settled at \$79.39/€54.73, down \$3.27 per barrel or 3.96% for the week.

[3 dead](#) last week in the war without end, amen.

January 22, 2010

Movie Reviews - The only reason to see Avatar aka Titanic Too, Return of the Blue People, is for the cheezy blue 3-D effects. They're all in the movie except for the pool table scene from [The Stewardesses](#) in StereoVision 3-D. Animals leaping from the screen. Things floating so close that you could almost touch. Falling off a cliff. Water splashing the audience. Arrow coming right at you and the list goes on and on. Did The Reverend Tony™ mention that Avatar is two hours 40 minutes not counting the 15 minutes of previews that must be suffered unless you want to sit on the front row. NOT!!! Even the theme music is Titanic with Celine Dionish vocals. The Reverend Tony™'s rates Avatar F Zero while the general viewing public gives it 11 Stars. Another Mencken moment.

Tiger Woods' Favorite 18 Hoes in the World - Hoe #2, known by many as Jaimee. A par three with a narrow approach but plays easier than she looks. Beware the dime-size bunkers in back.

Password tonight is again [Deal with the Devil](#). Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - Hanger Orthopedic Group, Inc. is moving a manufacturing facility to Austin in part because of an incentive of \$50,000.00 per year for 10 years from our City Council. “The Hanger deal is a very attractive offer and won’t cost the Austin taxpayers very much money,” Councilman Bill Spelman said to which The Reverend Tony™ retorts “Why should it cost the Austin taxpayers any money” especially since [Hanger just reported reported record sales!!!](#) Could it be that Hanger is major manufacturer of artificial spines?

This is an actual screen capture of a Hanger tv ad taken by The Reverend Tony™ his own self.

Light, sweet crude settled at \$76.08/€53.95, down \$3.31 per barrel or 4.17% for the week but only 1.42% to the Euro. Arbitrage is where it is at!

12 dead last week in The War Without End, Amen™.

January 29, 2010

Enjoy the full moon tonight at midnight.

World Cup™ - Beating the under by almost two months, the first shooting of a player occurred this week in Mexico City of Salvador Cabanas, Paraguay's star striker, in an altercation with Jose Balderas "El JJ" Garza over a woman of all things.

Amerkin Football - Fortunately for the Saints, Sports Illustrated put them on this week's cover and not the cover before the Super Bowl. Unlike last week's

[Cross](#) to provide disaster relief to the earthquake victims of Tahiti. So bag up all your unused cell phones, ship them off and get a tax deduction.

Who Dat Who! ! ! - The Who™'s playlist at the Super Bowl halftime will be Baba O'Riley, Pinball Wizard, My Generation and Won't Get Fooled Again according to mouthpieces associated indirectly with The Reverend Tony™.

Cleveland, November 14, 1969

Scam of the Week™ - [Mancrunch.com](#) was rejected as a commercial on the Super Bowl.

World Cup™ - [Salvador Cabanas](#), Paraguay's star striker, who was shot in the head last week is recovering very nicely and thank you very much. Bad luck though for his teammate [Juan Carlos Silva](#) who was shot in the butt during a carjacking. His injury does not appear life threatening.

Amerkin Football - Student/Athletes signed a Letter of Intent ("LOI") to attend the college of his choice. Leading the initial All Name Team™ is [Mister](#)

[Jones](#), a running back recruit to TAM and the young man can play. So stay tuned to AM/FM.

Password tonight is Big, bogus thing. Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - [Download the entire 2009 season NOW](#) featuring [Cheney®](#), a new meat-like product, genetically engineered and extruded from the laboratories of Halleberry Ngozi. (FDA approval pending)

Light, sweet crude settled at \$73.14/€53.20, down \$0.40 per barrel or rock steady for the week.

[6 dead](#) last week in The War Without End, Amen™.

Gung Hay Fat Choy!!! Year of the Tiger begins Sunday which is also Valentine's Day so take her breakfast in bed including The Reverend Tony™'s **Chocolate Bacon®!!!** [Visit the website for the recipe.](#)

[Westminster Dog Show](#) is next Monday and Tuesday night. Geaux with the [Saint Bernard](#) to take the Working Group. [Revisit the Bichon victory in 2001, Joe Garagiola's last year on the show.](#)

Amerkin Football - Saints Win! Saints Win! Saints Win! How about that Drew Brees, our boy from Austin-Westlake. A son and a Super Bowl in the same year, is this a great country or what. The Reverend Tony™ would bet somebody

else's money that the headphones were grandfather's idea to protect his grandson from hearing loss.

And who dat coach, calling the onside kick to begin the second half. And my Spooner Garrett Hartley who set a Super Bowl record of 3 for 3 from over 40 yards. And the final pick of Peyton on the quick slant was a masterpiece. Congratulations to The Saints and all of New Orleans.

The Saints have a special feeling for The Reverend Tony™ as we both escaped New Orleans on the last planes out before Katrina hit . From [*Escape from the Storm*®](#):

While we were checking through airport security, several buses pulled up and out swarmed a lot of really large black people. My first reaction was that they were busing people from the Superdome to the airport and in a sense that was correct. The Saints had chartered planes to take their players, families and support personnel to San Antonio and also escape the storm.

We took off about 3:45p in cloudy but not threatening weather and the Superdome glittered in the distance as we headed home. Our luggage beat us to Austin so we went straight to Matt's because I really, really did need a margarita.

So why were Lady Claire, The Reverend Tony and all of The Saints saved when so many still don't know what fate has in mind. Well maybe only to tell the story or more likely because we had the means. We had the cash to get the cab and get the cab to take us to the airport. We had Continental Elite and a credit card. The Saints travel by charter.

Scam of the Week™ - Erratum - [Cell Phones for Haiti](#) not Tahiti. Damn spell check program.

Password tonight is Who Dat. Peace, love and margaritas, I remain The Reverend Tony™.

Light, sweet crude settled at \$75.28/€55.00, up \$1.64 per barrel or 2.22% for the week but 3.38% to the Euro. Arbitrage baby arbitrage.

February 19, 2010

World Tour continues this morning in Ponte Vedra Beach, Florida, with Tiger Woods announcement that he is gay and the third Ho called Warren Beatty.

Warren Beatty is a bear of a down hill par 5 with the a huge flagstick at the bottom and guarded by peanuts. Let it all hang out when you play Warren Beatty.

Scam of the Week™ - The Reverend Tony™'s **Chocolate Bacon®** was such a big, big hit that The Reverend Tony™ has arranged for the mass production of said savory bit at a secret facility near Mumbai, by children no less. Is this a great world or what. [Click here for the recipe.](#)

Movie Reviews - Who knew that The Pope™ had a [top 100 list of movies](#) and that Gone with the Wind, Wizard of Oz and Casablanca did not make said list. Duh, is The Pope™ catholic?

Sun Hing always say, "Nobody learns for free."

Scam of the Week™ - Erratum - [Cell Phones for Haiti](#) not Tahiti. Damn spell check program.

Password tonight is Wampum. Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - Sarah Jessica Palin just cannot let a week go by without having to defend herself from another attack by the liberals. This week's took the form of an episode of the [Family Guy on Fox](#), her very own employer, fair and balanced.

Word to Sarah Jessica, "Lighten up, go shopping and enjoy the obscene amounts of money you're getting paid".

Light, sweet crude settled at \$79.06/€58.05, up \$3.78 per barrel or 5.02% for the week.

February 26, 2010

Enjoy the full moon weekend!!! Gung Hay Fat Choy!!!!

The World Tour continues this week with The Reverend Tony™ at [The People's Law School](#), three shows live beginning at 9:00 am. The sermon will be "Everything You Always Wanted To Know About Death and Taxes But Were Afraid To Ask". Free parking, coffee and donuts too. Register [NOW](#)

The Reverend Tony™ will be on [KLBJ-FM](#) with Dudley and Bob this morning in the 9 am hour plugging said [People's Law School](#).

Amerkin Football kicks off with spring practice for the mighty, mighty Horns. Coach Mack G.P.³ Brown says the key to an undefeated season is "winning all of our games" such as South Africa.

³ Gotta Pee

Scam of the Week™ - How about the weather this week. Sunday near 80 and nice enough to work on a base tan then [snow on Tuesday](#)? What's up with that?

Password tonight is "Ripe mango, part two". Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - Please, please, please vote in the primary elections on Tuesday and remember that any Democrat is twice as good as any Republican because a Democrat will only steal less than half as much as a Republican.

As the health care debate continues ad nauseum, The Reverend Tony™ would like to remind the congregation of [Point #3](#), Health Care, of [The Reverend Tony™'s Ten Point Plan to Save the World and Save The Cheerleaders™, Oh God, Please Save The Cheerleaders™](#).

Universal diagnostic and treatment including and encouraging enhancements, tucks, lipos, whatever is needed to make everyone look fabulous.

But seriously, prescription drugs would be on a most favored nation pricing to US. If US gives a monopoly for 17 years then US should get the best price. And with a monopoly, the patent holder has no need to spend all of that money on advertising further reducing the cost/price.

This also eliminates those irritating commercials "Ask your Doctor if [PlaciBox](#)™ does cure everything?" which it does!

Light, sweet crude settled at \$78.17/€57.71, down \$0.89 per barrel or 1.12% for the week.

[13 dead](#) last week in The War Without End, Amen™ including [Bobby Pagan](#), 23, of Austin.

March 5, 2010

World Tour continues with the girls high school basketball in town featuring Shelby Metcalf from San Antonio Jay which is in the tournament for the first time since the day of Clarissa Davis who was the best female basketball player ever.

Other names of the tournament include Unique Johnson, Madisonville, Tia'Kia Henderson, Leggett, and the sisters Roddricka 'Lady' Patton and Dianna 'Little Mamma' Patton, Neches who also court Kristen 'KiKi' Green, Kelcie 'Bear' Kinder, Raven 'Turtle' McFarland, Cheyenne 'Beep Beep' Haskins, and LaToya 'Mrs. T' Barrett. You geaux girls!!!

Sunday are The Oscars and based on the movies seen, The Reverend Tony™ picks [Watchmen](#) as best picture and Billy Crudup as best actor for his incredibly real performance as the big, blue naked guy from same Watchmen.

But seriously when 10 films are nominated for Best Picture then, like quarterbacks, Oscar™ has no Best Picture. [Download the Oscar™ ballot](#) and enter this week's Scam, see below.

[2010 FIFA World Cup South Africa™](#) begins in 97 days and the really big story is whether England will be able to field a team as the affairs among players and WAGs has Tiger Woods back practicing.

John Terry had une affaire, big time, with his teammate Wayne Bridge's girlfriend. What is not clear is whether it was before or after she gave birth to Wayne's child. John and Wayne were not only teammates but they played next to each other on defense for club such as Chelski, and country, such as England. Word to John Terry. Anyone named Wayne can go off serial killing on a moment's notice.

Scam of the Week™ - The winner of the Oscar™ contest will receive a free⁴ lifetime supply of [PlaciBox©™](#), The Magenta Pill, It Cures Everything!!! So send in your ballots early and often to Oscar Contest, P.O. Box 549, Crawford, Niger, 66666.

Password tonight is "Swoop". Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - Happy birthday to Rick “Buoni Capelli” Perry who reached 60 yesterday and big winner in the Republican primary. He’s a classic Tiger too, courageous, confident and possessive.

Meanwhile the Democrats elected Bill White big time over Farouk Shami who will not be governor of Texas. Bill White is a former mayor of Houston and relative of Ernest T. Bass.

Daylight Savings Time begins at 2 am this Sunday morning. Be sure to set your clocks back one hour so you can be two hours late for everything.

World Tour continues with Spring Break, [SXSW](#), [The Rodeo](#)[™] and especially the [UIL Boys High School Basketball Championship](#) featuring [Sha’keal Jenkins](#), Cayuga, [X’zavious Harrison](#), New Waverly, [Blaze Bownds](#),

Idalou, [Pheal Hill](#), Silsbee, [Kristapher Gulley](#), Dallas Madison, [Dearius Poindexter](#), Lubbock Estacado, [Wisdom Uchegbu](#), Stafford, [Adam Peckover](#), Lake Travis, and the winners [Devonta Davis](#), [Devante Hill](#), [Donte Himes](#) and [Demitrius O'Neal](#), San Antonio Wagner.

Special word to all of the Zachs including [Logsdon](#) of Gruver, [Bowman](#) of Cayuga, [Perez](#) of Lenorah Grady, [Smith](#) of Ponder, and [Karczewski](#) of Lake Travis.

Scam of the Week™ - There were no winners of the Oscar™ contest as no one entered. Such as the lottery, you cannot win if you do not play. Fortunately the prize of a free⁵ lifetime supply of [PlaciBox©™](#), The Magenta Pill, It Cures Everything!!!, will carry over.

Password tonight is “Geronimo’s Cadillac”.

Peace, love and margaritas, I remain The Reverend Tony™.

⁵ plus shipping and handling of \$19.95 per week

Polyticks - The Census™ is Coming, The Census™ is Coming, The Census™ is Coming so hide the children and the livestock cause the government is coming to tax and draft.

That was once the way it was especially with two of the better known census, Herod's Census in 4 BC, which played such an important role in the Jesus story of Luke, and [The Domesday Book](#), William the Bastard's Census of England of 1085 to anyone with a name ending in "er" such as Baker, Bender, Carter, Cooper, Fuller, Hunter, Miller, Sawyer, Tucker and even Walker.

But today The Census™ means money from Washington. Therefore, all premises considered, The Reverend Tony™ advises everyone in Austin to add a zero to the number of people in the household.

So if you have a husband and wife and two children then instead of four members of the household you would report 40 so Austin will receive 10 times as much money from DC.

Then Texas activates the treaty provision allowing Texas to divide into as many as five states and creates the State of Willie along with the states of Neiman (Dallas) and Marcus (Houston). Is this a great country or what?

Light, sweet crude settled at \$82.11/€60.05, up \$3.94 per barrel or 5.04% for the week.

[6 dead](#) last week in the war without end, amen.

The World Tour continues in Austin with so much SXSW it will make you puke. Those without SXSW credentials can still enjoy Cheap Trick tonight at Auditorium Shores and The Explosives tomorrow at 4p at Antone's Records on Guadalupe.

[The T.A.M.I Show](#) releases on DVD next Tuesday.

In 1964 from Santa Monica Civic Auditorium, the greatest collection of rock and roll talent ever assembled on one stage, in order of appearance, Jan and Dean, Chuck Berry, Gerry and the Pacemakers, Chuck Berry, Smokey Robinson and the Miracles, Marvin Gaye, Lesley F. Gore, The Beach Boys, Billy J. Kramer and the Dakotas, The Supremes, The Barbarians, James Brown and the Flames, The Rolling Stones and finally All Performers - Show Close: Let's Get Together. Unbelievable until seen.

In a prior world, The Reverend Tony™ produced The T.A.M.I. Show at Club Foot featuring Mike Shea and The Quads and much dancing.

NCAA Basketball - It's over, it's all over for the Texas men's basketball team crashing out of the NCAA tournament in the first round. To fall from 17-0 and #1 required the coach to lose the team which is not a good thing. Eerily like the 1982 season when Abe Lemon's best team started 15-0 then suffered the loss of Mike Wacker at Baylor and decomposed leading to Abe being fired⁶ by De Loss Dodds. Forgiven maybe but never forgotten.

Football - Joy of joys Arsenal v. Barcelona in the Champions League quarter-finals first home to The Emirates on March 31 then away at Camp Nou the following Tuesday. The two most beautiful teams playing the most beautiful game with soap provided by Henry for Barca who is only Arsenal's all-time goal scorer and Fabregas for my Gunners who grew up in Barcelona's youth program only to be snatched by Arsenal at age 14 when he could contract in England as opposed to 18 being the legal age in Spain. And child labor does not still exist???

Password tonight is Tiberius Dawn. Peace, love and margaritas, I remain The Reverend Tony™.

Polyticks - Tiger Jessica Woods announced that he will enter The Masters as his first tournament since L'Affaire de La Haie et L'Arbre. The Reverend Tony™ will like to watch the reception and advises fan and competitor alike to

⁶ Actually De Loss did not fire Abe but reassigned him to a desk job in the athletic department for the remaining two years of his contract.

Can you say “[Farokhmanesh](#)”? Not since the [Rumble in the Jungle](#) have the cheers for Ali been louder. 0 for 6 in the second half against top ranked Kansas, Mr. F pulls up on the right wing of a classic numbered break and tried one. Boom went the dynamite as Northern Iowa pulls off the first big upset of The NCAA Men’s Basketball Championship^{®7} so far and fulfilled another Sports Illustrated jinx as Kansas was on the cover. Good fortune to Mr. F as he is on this week’s cover of Sports Illustrated.

SXSW was FFF such as The Explosives and their new release [Three Ring Circus](#) featuring I Won’t Go Back To Work and a bonus DVD of live performances from last century including Steamboat Springs on 6th Street.

⁷ The ® is by the NCAA not TRT

Today [Tommy and Toni](#) would be riding bicycles instead of mopeds.

[2010 FIFA World Cup South Africa](#)™ begins in 11 weeks and each week until then The Reverend Tony™ will provide in depth analysis such as Wayne Rooney's nickname is The Wankernator™.

Scam of the Week™ - Tiger Jessica Woods gave a very sincere and public announcement of his *Disgusting Behavior*, videos of which The Reverend Tony™ has simultaneously released in 4-D on BluRay and streaming video for only \$19.95 plus state and local sales tax. So sorry about failing to remind the congregation of the Full Moon last Monday. It shall not happen again.

March Madness indeed. A 96 team basketball tournament and the NCAA can't fathom an eight team football tournament.

If you want March Madness, The Reverend Tony™ will give you March Madness such as Phi Slamma Jamma from back in the day of no clock, no three-point shot, no tv time outs and real uniforms not pantaloons which is a French word.

The roster of those Houston teams listed the likes of Clyde Drexler and Akeem Olajuwon, both NBA Hall of Famers along with Michael Young and Benny Anders, now MIA. Olajuwon, Young and Anders played in three straight Final Fours losing the championship game in 1983 and 1984.

U of H still played in the Southwest Conference and The Reverend Tony™ still had season tickets in Section 31, Row 12. Abe Lemons was still coach until 1982. Life has been good to me so far.

As Sun Hing always say “When the going gets tough, the tough get Lucky Dogs™.

Password tonight is Benny Anders. Peace, love and margaritas, I remain The Reverend Tony™

Polyticks - State Income Tax or Bounty on Bisickos? Granted both would raise more revenue than The Lottery™ but are either morally acceptable. Consider that 1/3 of the Texas Lottery winner’s prize is paid to the IRS for federal income taxes and a Bounty on Bisickos begins to look pretty damn good.

Scam of the Week™ - WARR ACRES, OK - Churchgoers are outraged over a crucifix in a Catholic church that they say shows an image of [genitalia on Jesus](#).

"I think it was painted according to the certain specific rules of iconography and church art," [Rev. Philip Seeton](#), said of the crucifix. Amen.

Amerkin Football - First, Third and Fourth in the NFL draft is FFOBT but my Sooners pulled it off with Sam "Big" Bradford, Gerald "The Real" McCoy and Trent "Silverback" Williams. Congratulations to [Coach Stoops](#), and his coaching

staff especially [Coach Heupel](#) who has educated two Heisman winners in five years.

Football - [2010 FIFA World Cup South Africa](#)[™] begins in 48 days and all of the Leagues, League championships, and the Champions League are seriously contested meaning all of the best players are playing their ass off meaning injuries, injuries, injuries. Polyticks - Obambi was in town this week and there was much avoiding him by Democats but not our Governator Rick "Capelli Grande" Perry who presented Obambi immediately upon touching down, with a four page, single spaced memo on border security issues conspicuously silent about [decriminalizing marijuana as suggested this week by Vicente Fox, immediate past president of Mexico](#).

Vicente actually said legalize marijuana knowing full well that "legalize" is a charged word which will incite the opposition to decriminalization such as law enforcement and justly so.

Legalization also means laws regulating marijuana and therefore, continued government involvement such as Oakland, CA, which now requires a fee of \$211,000 per year to operate a marijuana factory [“in a move intended to take its largely underground pot counterculture to new corporate levels.”](#)

So instead of arresting, prosecuting and incarcerating marijuana criminals, US will tax, regulate and fine marijuana violators. Oklahoma will probably have 3.2 marijuana

Decriminalization means revoking the marijuana laws. No laws will let the market decide, retail sales will be subject to the sales tax and law enforcement will become a profit center.

Polyticks - Word to Virginia “Ginni” Thomas, do not drink and dial the other woman especially at 7:30 am on a Saturday morning.

Ginni Thomas happens to be the wife of Clarence Thomas, a Justice on the Supreme Court of The US, and [she left this voice message for Anita Hill at her office in Brandeis University Law School.](#)

Poor Clarence, either he knew that Ginni was going to call and condoned it which is bad or he did not know which is worse.

Polyticks - Election Day™ is next Tuesday, November 2, 2010 and as Sun Hing always say "Vote Early and Vote Often" even Republicants and Libertariloons.

A couple of points about the Austin bond proposal.

1. "It won't raise your taxes" because Austin has sufficient tax revenue to support an extra \$100 Million in bond debt. But instead of refunding the excess taxes back to the taxpayers, let's spend it, sort of like maxing out the credit card.

2. "Boardwalk on Lake Lady Bird" is not a walk and contains no boards as it is designed for bicycles and built from concrete and steel. Bicycles are incompatible with walkers, just ask anyone who regularly walks on the Hike and Bike Trail around Lake Lady Bird when was the last time a bicycle ran them off said trail, well that's too long.

3. "It will save lives" and "It will reduce traffic" by putting more bicycles on the street which will only increase traffic and put bicycles at risk of cars.

For the third week in a row the eighth and final spot finds a new conference such as Northern Illinois of the Mid-American Conference (MAC) replaces Conference USA (Central Florida). The Big 12 (Nebraska) moves up to second and a first round match up with ACC (Virginia Tech) while Oregon (PAC 10) and Boise State (WAC) tango in the Rose Bowl.

The mighty mighty Horns host Florida Atlantic Fighting Owls tomorrow at 2:30 pm cst, radio only on KVET 1300 AM. FAFO features All-Name team captain [Yourhighness Morgan](#) who just so happened to lead the Fighting Owls in tackles last week.

Texas must beat FAFO and then The Aggies™ on Thanksgiving Day to finish 6-6 and qualify for a bowl game. Word to Texas, once you've been to the Independence Bowl you will never go back.

Austin City Limits is over, it's all over as the venue is moving from 300 at the University of Texas RTF studio to 2,500 at the W Hotel/Residence which is about as Dallas as can be and not be Houston. The new venue will have elevators that can hold more than 10, seating instead of bleachers, bars instead of the beer table and no line up for tickets. Keep Austin Weird indeed.

Scam of the Week™ - Two, count them two law enforcement agencies did the right thing this week.

First Hudspeth County Sheriff Arvin West found insufficient evidence to support the felony charge against Willie Nelson for possession of six ounces of marijuana when it weighed in at only [four ounces](#).

Then the NCAA found insufficient evidence to support the charge that Scam Newton knew that his father/preacher was pimping him to Mississippi State for \$180,000.00/€135,972²².

From ESPN: The NCAA concluded a violation of Newton's amateur status had occurred, but "based on the ***information available*** to the reinstatement staff at this time, we do ***not have sufficient evidence*** that Cam Newton or anyone from Auburn was ***aware of this activity***, which led to his reinstatement," according to Kevin Lennon, NCAA vice president for academic and membership affairs. (Highlights by The Reverend Tony™ for the mentally impaired)

The NCAA has decided in favor of money over morals. Had Scam been declared ineligible, he would not win the Heisman trophy, would not be a first round draft pick, would not make a lot of money and, therefore, would sue the NCAA for a lot of money, a whole lot of money.

But by making Scam eligible, the NCAA trades a whole lot of money lost for a vacant National Champion, but only if Auburn wins, and a vacant Heisman trophy which is not NCAA.
