

## *Scam of the Week*<sup>TM</sup>

Austin, TX, June 14, 2013

World Tour continues with the [ROT Biker Rally](#) parade tonight and the [US Open](#) at [Merion](#) which is like playing at [Lions](#) until UT converts it to mixed use such as Macmansions, condominiums and retail.

**Joke of the Week**<sup>TM</sup> - Which does not belong on the list: herpes, condominiums, or gonorrhoea? . . . . visit [The Reverend Tony](#)<sup>TM</sup> for the [Joke of the Week](#)<sup>TM</sup> .

**Scam of the Week**<sup>TM</sup> - AARP swimsuit issue hit the news stands this week

Fútbol - [US](#) top the [CONCACAF table](#) and are home Wednesday to [Honduras](#) featuring [Carlos Costly](#) whose name is priceless.

**Sun Hing** say “If I can, I will.”

**Password** tonight is [Mashie Niblick](#). Peace, love and margaritas, I remain The Reverend Tony™.

**Polyticks** - The Big Bogus dictionary adds “affordable” which means affordable for the insurance companies to sell and not affordable for US to buy. To comply with The Patient Protection and Affordable Care Act aka Obamacare™, large employers have health plans that health insurance can afford to offer but are not affordable for the employee. This means the employee will be uninsured but not exempt from PPACA requirement of health insurance because the employer offered health insurance. Consequently the employee is subject to an annual tax penalty of \$695 each unless the employee buys individual health insurance which is even more expensive. As \$695 per person per year is less than the cost of either employer health plan or an individual policy, said employee and the family will be uninsured, shirley an unintended consequence of Obamacare. NOT!!!

[Light, sweet crude](#) settled at \$96.69 94.76 up \$1.95 as natural gas steadied at \$3.814 after falling 12% in two weeks. The [Euro](#) is up to \$1.3345.

[3 dead this week](#) in The War Without End, Amen™. 65 for the year.
